

IVY STREET SOCIAL

The social for the Round Robin participants and their coaches this year will be held **at Mastermind Escape Games**. “Escape Rooms” are a new trend taking over the United States. They challenge participants to use critical thinking skills and good communication with teammates to try and escape a themed room in under an hour! Each individual (student and coach) should sign up – and can sign up with each other or in different rooms based on your preference. About 8 people from the Round Robin will be in each group.
