

## NATIONAL CATHOLIC FORENSIC LEAGUE BY-LAWS

Up-Dated by R. Burdett, After Fall Executive Committee Meeting, 2016

### ARTICLE I - LEAGUE MEMBERSHIP DUES

The annual membership dues payable to the Secretary/Treasurer of the LEAGUE shall be determined at the Fall Meeting of the Executive Committee and announced in the Fall **Newsletter**.

### ARTICLE II - GRAND NATIONAL TOURNAMENT

#### Section A - Eligibility

- Diocesan Leagues:** All Diocesan Leagues which are represented at the Fall Executive Committee Meeting shall be eligible to enter the Grand National Tournament. All Diocesan Directors/Moderators are strongly encouraged to attend the Fall Executive Committee Meeting. Diocesan Directors/Moderators must notify a member of the Executive Council of their intended absence from a Fall Executive Committee Meeting, and must contact a member of the Executive Council by December 1 of the year that they missed a Fall Executive Committee Meeting to preserve their dioceses' eligibility to enter the Grand National Tournament. The Executive Council shall have the authority to waive such representation for a given diocesan League, should extraordinary circumstances exist. (This provision shall become effective beginning with the Fall Executive Committee Meeting of 2004.)
- Schools:** All schools which are members of a Diocesan League and the LEAGUE shall be eligible to enter the Grand National Tournament. The Diocesan League shall be responsible for determining the manner in which the selection of entrants is made at the local level within the general guidelines of LEAGUE policies. Schools which are not members of a Diocesan League, but are members of the LEAGUE, may enter the Tournament as an Independent School for one year only. Entry after the first year must be made within the complement of a Diocesan League. Schools which enter as a single unit for one year must be members of the LEAGUE.
- Students:** Students who enter the Tournament as contestants must be current high school undergraduate students who have not attended a secondary school during more than 9 semesters. Graduate students are permitted to enter only in the academic year of graduation. All 9th, 10th, 11th, and 12th year secondary school students may be members of the LEAGUE. Ninth and 10th graders in junior high schools may participate either with their local high school or as members of the junior high school.
- Home schools are eligible to join a Diocesan League and the LEAGUE according to all established rules of the Diocesan League and the LEAGUE. Regardless of the number of home schools as members of a Diocesan League, only one Home School will be counted for determining entry quotas into the Grand National Tournament.

#### Section B - Registration

- Quotas**
  - Contestants:** Entries from Diocesan Leagues in the tournament shall be governed by the following quota system based upon school membership in the LEAGUE:

2 Schools:	03 entries with no more than 1 in any event
3 Schools:	04 entries with no more than 1 in any event
4 Schools:	05 entries with no more than 1 in any event
5 Schools:	10 entries with no more than 1 in any event
6-10 Schools:	20 entries with no more than 2 in any event
11-15 Schools:	30 entries with no more than 3 in any event
16-20 Schools:	40 entries with no more than 4 in any event
21-25 Schools:	50 entries with no more than 5 in any event
26 + Schools:	60 entries with no more than 6 in any event

NOTE: Each debate team and each Duo Interpretation team counts as one entry. The maximum number of entries from any one Diocesan League will be 60, regardless of total school membership. An individual school may have one entry as an Independent School for one year only.

A diocese may designate a single wild card entry, under the following conditions:

- 1) The petitioning league must have attended the NCFL Grand National tournament in each of the previous four years with at least a quota of one entry per category.
- 2) The petition must be made via email to the NCFL President before the registration deadline.
- 3) The entry fee will be twice the regular entry fee for that event and must be paid prior to the registration deadline.
- 4) The league must provide 2 judges for that entry in that event. If the entry is in Student Congress, then two judges must be provided in another event.
- 5) Once a wild card slot is used, a league shall not be eligible for another wild card entry until they have attended four subsequent nationals (including the one for which the waiver has been granted).
- 6) The local diocesan moderator and coach involved must submit a letter/email to the NCFL President stating that they acknowledge and understand all of the above conditions.
- 7) Once registered, that entry may not be altered. If the wild card entry is later dropped, no replacement can be made, the judges are still owed, and the wild card still counts as having been used.

- b. Judges: Each Diocesan League unit entry must be accompanied by a complement of judges, each of whom has had previous experience judging the general area (i.e. Speech, Team Debate, Lincoln-Douglas Debate, and/or Student Congress) to which they are being assigned. The number of judges provided by the Diocesan League is based upon the following quota system:

**Speech events:** One judge for every 2 entries

**Team Debate:**

1 team:	2 judges
2 teams:	3 judges
3 teams:	5 judges
4 teams:	6 judges
5 teams:	8 judges
6 teams:	9 judges

**Lincoln-Douglas Debate:**

1 debater:	1 judge
2 debaters:	2 judges
3 debaters:	3 judges
4 debaters:	4 judges
5 debaters:	5 judges
6 debaters:	6 judges

NOTE: Whenever possible, judges for Lincoln-Douglas will come from a separate pool.

**Public Forum Debate:**

1 Team:	1 Judge
2 Teams:	2 Judges
3 Teams:	3 Judges
4 Teams:	4 Judges
5 Teams:	5 Judges
6 Teams:	6 Judges

Note: Whenever possible, lay judges for Public Forum Debate will be preferred over experienced debate coaches, judges, or college competitors.

**Student Congress:**

A League must identify one judge with Student Congress judging experience if entering Congress contestants. A league entering more than 4 contestants in student congress competition must provide a congress judge experienced as a parliamentarian and identify that person as such in their registration.

- c. Tournament Staff:

- 1) One person per Diocesan League. Any Diocesan League which does not have a person as a representative on the Tournament Staff will pay a fine of six hundred dollars (\$600.00). The League will not be allowed to participate in future Grand National Tournaments unless it is paid by January 1 in the year in which they chose to participate. The fine will not be imposed if all entries from the Diocesan League are dropped by 2 weeks before the Grand National Tournament.
- 2) The total complement of judges from a Diocesan League shall include at least one judge from each member school represented in its student registration for the Tournament and every judge must have a designated affiliation with a participating member

school(s). No Diocesan League will be permitted to drop registered judges without substitution later than 2 weeks prior to the Tournament, nor to provide judges without the required previous judging experience. The penalty for a violation of this rule will be a fine of four hundred dollars (\$400.00). In addition, there will be a fifty dollar (\$50.00) fine for each round of the assignment that cannot be covered by a judge from that League. This fine will be levied against the school in question and such school will not be allowed to participate in future Grand National Tournaments if the fine is not paid by January 1 in the year in which they choose to participate. No hired judges will be made available for the Tournament except in case of emergency.

2. **Fees:** A registration fee will be levied for each student entered in competition at the Tournament. The fee will be determined by the Executive Committee at the Fall meeting and will be payable to the LEAGUE at the time of registration. The fee levied for registration in the NCFL Grand National Tournament shall be \$50 per student staying in the designated NCFL Tournament Hotel Blocks. For students not staying in the designated NCFL Tournament Hotel Blocks the fee will be \$100 each. The League shall have the ability at the Fall Executive Committee Meeting to waive this additional fee on a year-by-year basis. After satisfaction of expenses, the Secretary/Treasurer will deposit the balance of monies with the LEAGUE.
3. **Forms:** No later than 45 days prior to the date of the Tournament, the Host Director, with the assistance of the Secretary/Treasurer of the LEAGUE, shall provide each member League and Independent School member with the appropriate information and necessary forms for official Tournament registration. These shall include, but not be limited to the following: Contestant and judge master registration forms, individual events tabulation cards, tentative schedule, and lodging information. Failure to register a Diocesan League for the Grand National Tournament by mail postmarked the date set and communicated by the Secretary/Treasurer will result in a fine of fifty dollars (\$50.00) per day up for up to 7 days. The fine is assessed to the Diocesan League. After the 7th day, the League may not register for the Tournament and therefore may not compete that year. The postmark on the envelope containing registration materials will be used to determine the number of days. The tardy Diocesan League may not compete in future Grand National Tournaments until the fine is paid. No change in registration of students except a cancellation or the substitution of one student for another in the same event is permitted. After May 1, each change to a Diocesan League's judge assignments shall be assessed a fine of \$10.

### **Section C - Events: Definitions and Procedures**

#### 1. Speech Events Definitions

##### a. Oratorical Declamation:

- 1) A selection used in Oratorical Declamation must have been originally delivered in the form a speech by its author, a person other than the present speaker. The speaker should have an introduction which is at most one minute and names the work, author, and describes the circumstances under which the speech was originally presented. The original speaker's words must not be altered for the presentation with the exception that cutting is permitted. Material being performed at the NCFL tournament must match the student's original script. Selections may include professional speeches, public orations, eulogies, and sermons. Any non-speaking expressions such as singing or dancing should not be excessive or dominate the performance. Judges ranks may reflect if non-speaking expressions have dominated the performance.
- 2) The selection must be memorized. If the speaker refers to prepared notes of any kind or a script during the presentation, the speaker will be disqualified.
- 3) The speaker should develop the ability to convey the message in a sincere, honest, and realistic style. The mechanics of speech must be observed faithfully: poise, quality of voice, effectiveness and ease of gesture, emphasis, variety, and enunciation. In addition, the speaker must be able to interpret the meaning of the speech and be able to carry the interpretation over to the minds of the listeners. The speaker must be able to interest the listeners and to hold their attention. Only the performers' feet may touch the ground.
- 4) No particular style should be demanded of the speaker; rather, the contestant should be free to select and to develop a personal style and be judged according to the degree of perfection attained and the effectiveness in influencing the listeners. While the specifics of the speech and any style of delivery which the speaker adopts should be judged in light of the purpose of the speech, artificiality is to be discredited. This event is an interpretation, not an impersonation.
- 5) This event is limited to freshman and sophomore students.
- 6) Time limits: Maximum - 10 minutes, including at most a 60 second introduction to the selection. If the speaker goes over a 30 second grace period, that contestant may not be awarded first place. No minimum time.
- 7) No properties or costumes of any kind may be used. Using "properties" means manipulating articles of clothing or objects to enhance the performance. Speakers using properties and/or wearing costumes will be disqualified.

b. Dramatic Performance:

- 1) The speaker must offer a memorized dramatic presentation. If the speaker refers to prepared notes of any kind or a script during the presentation, the speaker will be disqualified.
- 2) The presentation must be from a single published play, single published script, or single fictional or non-fictional work, not poetry. It is the affirmative obligation of all NCFL coaches to ensure that all materials presented in interpretation events must be available and readily accessible to all members of the league. At the NCFL tournament, coaches should bring an original script with an ISBN, ISSN, or IFFN, or eBook Number and Library Name. If the script does not have an ISBN, ISSN, or IFFN, or eBook Number and Library Name, the coach or supervising adult must be able to show that the script was purchased or obtained commercially; i.e. from a literary agent or publisher or bill of sale or that the manuscript is publicly accessible by a simple internet search or by a URL not requiring passwords or access codes and the retrieval date. Lines which are attributed to one character in a published play or script must not be attributed to another character in the performance. The author's words as published in the literature must not be altered for the presentation with the exception that cutting is permitted. Material being performed at the NCFL tournament must match the student's original script.
- 3) The presentation may be either serious or humorous and should have some literary merit. Important consideration should be given to the quality of the selection.
- 4) While singing is permitted, it should not be excessive or dominate the performance. Judges' ranks may reflect if singing has dominated the performance.
- 5) Single or multiple character cuttings will be allowed. When doing a multiple-characterization the performer should create effective interaction between the characters.
- 6) Although this is primarily a display of vocal ability, body language will play a part in the overall performance, and since it is a drama, more vocal and physical suggestion may be required in order to portray characters, conflict, and story. However, no physical action should be performed that will distract the listeners' attention from the drama being presented. The performance should display another world outside the performance setting. Only the performers' feet may touch the ground.
- 7) No properties or costumes of any kind may be used. Using "properties" means manipulating articles of clothing or objects to enhance the performance. Speakers using properties and/or wearing costumes will be disqualified.
- 8) Time limits: Maximum - 10 minutes, including introductory and transitional material other than the author's words. Material thus used should be limited to one minute. If the speaker goes over a 30 second grace period, that contestant may not be awarded first place. No minimum time.

c. Extemporaneous Speaking:

- 1) The speech should be an original synthesis by the contestant of the current fact and opinion on the designated topic as presented by numerous sources. Source materials should be represented with relative accuracy in the speech. The speaker is responsible for the ethical use of source information.
- 2) Topics concerning events within the second semester of the academic year of the Tournament should be used.
- 3) Selection of the general topic areas and preparation of 12-15 topics in each area should be made by the Second Vice President of the LEAGUE.
- 4) The contestant should be held accountable for strict adherence to the precise statement of the topic selected and should be penalized for any obvious shifting to a quite different topic.
- 5) Information presented should be well-chosen, pertinent, and sufficient to support the central thought of the topic.
- 6) The speaker is permitted a personal opinion or interpretation of the subject. Speakers must not be penalized for expressing views with which the judge happens to disagree.
- 7) Material should be organized according to some logical plan to produce a complete speech within the time allowed. The speech must be extemporaneous and delivered without notes. If the speaker refers to prepared notes of any kind or a script during the presentation, the speaker will be disqualified. Only the performers' feet may touch the ground.
- 8) Speakers shall be allowed to bring to the preparation room the following printed materials and only these: magazines, newspapers,

dictionaries, thesaurus, reference indices, newspaper and/or magazine clippings - files organized under general headings, almanacs and appropriate reference books, books and/or pamphlets. Participants in Extemporaneous Speaking are given the option of using battery operated lap top computers when in the Preparation Room. Materials can be on files on their computers or retrieved from an attached flash drive. Broadband or internet connectivity, and prepared speeches will not be allowed.

- 9) All material brought into the preparation room by speakers will be subject at any time to scrutiny of the Tournament Committee and staff responsible for this event.
- 10) Speakers may share reference materials; however, any collaboration on speech preparation is forbidden.
- 11) When the speaker's code number is called, s/he draws 3 questions from among those prepared for the specific round. After consideration, the speaker returns 2 and gives the Director of the event the number of the question s/he has chosen to answer. The Director notes the topic and time, and the contestant begins to prepare the speech. The speaker must remain in the preparation room until sent to the competition room by the Director of the event.
- 12) Speakers will have thirty (30) minutes of preparation time. Upon leaving the preparation room speakers must relinquish all preparation materials except the drawn question. During the preparation for, and during the competition round, students must not access any research materials, oral, written, or electronic, outside of the preparation room.
- 13) Time limits: Maximum - 7 minutes. If the speaker goes over a 30 second grace period, that contestant must not be awarded first place. No minimum time.

d. Oral Interpretation of Literature:

- 1) The speaker shall prepare two programs of manuscript-based literature substantially different in content, author, and/or original source. Each program shall consist of a single piece, a cutting, or a series of short pieces united by author or theme. One program shall be published prose; the other, published poetry. If questioned, the genre of the selection must be specified in the original manuscript or must be verifiable by a simple Internet search. If using a series of pieces, all titles and authors must be cited. The performer has the burden to be clear at all times which piece is being used. In the prepared script, the pieces should be clearly delineated via highlighting or font style and spacing to enable review in case of a protest. It is the affirmative obligation of all NCFL coaches to ensure that all materials presented in interpretation events must be available and readily accessible to all members of the league. At the NCFL tournament, coaches should bring an original script with an ISBN, ISSN, or IFFN, or eBook Number and Library Name. If the script does not have an ISBN, ISSN, or IFFN, or eBook Number and Library Name, the coach or supervising adult must be able to show that the script was purchased or obtained commercially; i.e. from a literary agent or publisher or bill of sale or that the manuscript is publicly accessible by a simple internet search or by a URL not requiring passwords or access codes and the retrieval date. Each program must contain an introduction for purposes of explication, setting, or selection transitions. Lines attributed to one character in the published source must not be attributed to another character in the performance. The author's words as published in the literature must not be altered for the presentation with the exception that cutting is permitted. Material being performed at the NCFL tournament must match the student's original script.
- 2) The literature chosen may include any form of prose or poetry, fiction or non-fiction. Drama, including theatrical monologues, is prohibited. Speeches written to be delivered in real-life are prohibited.
- 3) No properties except a manuscript or binder may be used. Using "properties" means manipulating articles of clothing or objects to enhance the performance. Speakers using properties and/or wearing costumes will be disqualified.
- 4) Speakers should keep eye contact between audience and manuscript in reasonable balance. Speakers who fail to maintain the illusion of reading from the manuscript must not be ranked first.
- 5) Speakers should keep gesture and bodily movement to a minimum. The selection should be delivered from center stage. Movement and gestures, if used, should be appropriate to the selection. Speakers should not walk during performances. They should emphasize vocal variety and facial expression to enhance the literary interpretation. While singing is permitted, it should not be excessive or dominate the performance. Judges' ranks may reflect if singing has dominated the performance. Only the performers' feet may touch the ground.
- 6) Speakers may use a persona, and they may use character voices, but they are not necessary.
- 7) Important consideration should be given to the quality of the selection.
- 8) Time limits: Maximum - 10 minutes. This includes at most 1 minute of introductory and transition material other than the author's words. If the speaker goes over a 30 second grace period, that contestant must not be awarded first place. No minimum time.

e. Original Oratory:

- 1) The speaker should be expected to discuss with a degree of originality, and in an interesting manner, the topic chosen.
- 2) The speakers should be given wide latitude in the ideas they express, but they should be held closely accountable for the manner in which they are expressed. Speakers must not be penalized for expressing views with which the judge happens to disagree. It is suggested, but not obligatory, that the topic be a subject of contemporary significance.
- 3) The speech must be one that has been composed by the student delivering it.
- 4) The speech must be memorized. If the speaker refers to prepared notes of any kind or a script during the presentation, the speaker will be disqualified.
- 5) The number of words quoted from authors other than the contestant must not exceed 150. Extensive paraphrasing of other sources is prohibited and constitutes grounds for disqualification.
- 6) Original orations should be composed from the standpoint of the present speaker. However, the use of a persona for a maximum length of 1 minute shall be permitted.
- 7) Visual and audio-visual aids are not permitted. No properties or costumes of any kind may be used. Using “properties” means manipulating articles of clothing or objects to enhance the performance. Speakers using properties and/or wearing costumes will be disqualified. While singing is permitted, it should not be excessive or dominate the performance. Judges’ ranks may reflect if singing has dominated the performance. Only the performers’ feet may touch the ground.
- 8) Time limits: Maximum - 10 minutes. If the speaker goes over a 30 second grace period, that contestant must not be awarded first place. No minimum time.

f. Duo Interpretation of Literature:

- 1) The selection, delivered by two students each representing the same member school, must be from a single play, fictional or non-fictional work. A series of poems is permitted. The poetry may be taken from a variety of published sources united by a single poet. It is the affirmative obligation of all NCFL coaches to ensure that all materials presented in interpretation events must be available and readily accessible to all members of the league. At the NCFL tournament, coaches should bring an original script with an ISBN, ISSN, or IFFN, or eBook Number and Library Name. If the script does not have an ISBN, ISSN, or IFFN, or eBook Number and Library Name, the coach or supervising adult must be able to show that the script was purchased or obtained commercially; i.e. from a literary agent or publisher or bill of sale or that the manuscript is publicly accessible by a simple internet search or by a URL not requiring passwords or access codes and the retrieval date. Lines which are attributed to one character in the published material must not be attributed to another character in the performance. The author's words as published in the literature must not be altered for the presentation with the exception that cutting is permitted. Material being performed at the NCFL tournament must match the student’s original script.
- 2) The material may be humorous or dramatic, or may combine both tones, depending on the work selected. Important consideration should be given to the quality of the selection.
- 3) Any part of the literature that a student uses in a Duo Interpretation presentation must follow the rules of Duo Interpretation or the students shall be subject to disqualification.
- 4) The selection must be memorized. If the speaker refers to prepared notes of any kind or a script during the presentation, the speaker will be disqualified.
- 5) The introduction should name the work, the author, and set the theme or the mood. Teasers are permitted.
- 6) Except during introduction and transition, eye contact is aimed only in the audience's direction; focal points are to be employed during dialogue; eye contact with specific audience members during narration is permitted. Pantomime, if used, should be accurate and realistic.
- 7) The selection should begin from the center stage area.
- 8) No properties or costumes of any kind may be used. Using “properties” means manipulating articles of clothing or objects to enhance the performance. Speakers using properties and/or wearing costumes will be disqualified.
- 9) The two interpreters should effectively utilize pitch, volume, phrasing, vocal quality, tone, articulation, enunciation and fluency to

create the characterizations desired. The dialogue between characters should reflect a genuine sense of interaction, not a mechanical exchange of lines. While singing is permitted, it should not be excessive or dominate the performance. Judges' ranks may reflect if singing has dominated the performance.

- 10) Performers are not allowed to make deliberate physical contact with each other during the performance, except during the introduction. Physical movement is restricted to performers moving around one another, switching position, pivoting from side to side or turning around completely. Only the performers' feet may touch the ground. Should the performers make deliberate physical contact with each other during the performance, except during the introduction, or make deliberate physical movements other than those permitted herein, the performers will be disqualified.
- 11) Physically, the characters should react to each other's verbal and non-verbal expressions but they must not touch each other. Speakers must remain standing.
- 12) Time limits: Maximum - 10 minutes, including introductory and transitional material other than the author's words. Material thus used should be limited to one minute. If the speakers go over a 30 second grace period, those contestants must not be awarded first place. No minimum time.

## 2. Speech Events Procedures

- a. All speakers will compete in 4 rounds of a prearranged schedule. At the end of the fourth round, the top 48 contestants in each event, based upon the low totals of all the judges in the four qualifying rounds, will be selected as octo-finalists. Low total scores of the octo-finalists in each octo-final section will determine the 24 quarter-finalists. Low total scores of the quarter-finalists in each quarter-final section will determine the 12 semi-finalists. Low total scores in each semi-final section will determine the 6 finalists. All two-way ties should be broken based on Judges' Preference within the round. All three-way (or more) ties should be broken using the method of reciprocal fractions (converting each rank into a decimal, and totaling them, as follows: 1<sup>st</sup> = 1.00, 2<sup>nd</sup> = 0.50, 3<sup>rd</sup> = 0.33, 4<sup>th</sup> = 0.25, 5<sup>th</sup> = 0.20, 6<sup>th</sup> = 0.17).
- b. Final standings of the finalists will be determined in the following manner: each single round rank from the octo-, quarter-, and semi-final round will be added to the 5 individual judge ranks in the final round, and then re-ranked according to low totals. In case of ties, preference will be given to the best total scores in the final round.
- c. All preliminary rounds of speech events shall be judged by 2 or 3 qualified judges. Two judges will be used in each section of the qualifying rounds when 3 judges would require an impractical total of judges. All elimination rounds shall be judged by 3 qualified judges except for the final round, which will have 5 judges. No judges who have been out of high school less than 18 months will be allowed to judge elimination rounds.
- d. To set up the Octo-Final rounds in each event, the 48 clearing students shall be ranked from lowest to highest cumulative scores. Students will be assigned to section by "snaking" across the eight sections: from Sections A through H for the first eight students; from Sections H backwards through A for the next eight; from Sections A through H for the next eight; etc. Students are to be changed from one section to another to avoid two students from the same diocese meeting only if an exchange can be made with students whose rank totals are identical. Once the sections are set, the speaker order must be assigned. For each contestant within a section, total the speaker positions from all previous rounds. The higher the total, the earlier the speaker should be placed in this round. Break any ties by blind draw by the tab staff in the tab room prior to publishing the schedule.
- e. The set-up for the Quarter-Final round is as follows, and cannot be changed, even if students from the same diocese or school are meeting in the section:

Section A	Section B	Section C	Section D
A1	B1	C1	D1
E1	F1	G1	H1
B2	C2	D2	E2
F2	G2	H2	A2
C3	D3	E3	F3
G3	H3	A3	B3

Where A1 represents the student who was ranked 1<sup>st</sup> in Octo-Final Section A, G2 represents the student who was ranked 2<sup>nd</sup> in Octo-Final Section G, etc. Speaker order should be determined randomly, with the major constraint being that a speaker should not receive the same speaker position received in a previous elimination round.

- f. The set-up for the Semi-Final round is as follows, and cannot be changed, even if students from the same diocese or school are meeting in the section:

Section A	Section B
A1	B1
C1	D1
B2	C2
D2	A2
A3	B3
D3	C3

Where A1 represents the student who was ranked 1<sup>st</sup> in Quarter-Final Section A, D3 represents the student who was ranked 3<sup>rd</sup> in Quarter-Final Section D, etc. Speaker order should be determined randomly, with no speaker receiving the same speaker position received in a previous elimination round, as far as possible.

- g. Final round speaker order should be determined randomly, with no speaker receiving the same speaker position received in a previous elimination round, as far as possible.

### 3. Debate Definitions

#### a. Team Debate:

- 1) Each team, comprised of 2 debaters each representing the same member school, shall be prepared to debate both sides of the proposition selected by the LEAGUE. The proposition normally selected by the LEAGUE shall be the proposition selected by the National Federation Debate Topic Selection Committee (NFDTS) at its annual meeting. Announcement of the topic shall be made to all member Leagues and Independent School members by the Permanent Tournament Director who shall serve as the LEAGUE representative to the NFDTS. The problem area selected by the NFDTS shall define the context of the debates at the Tournament.
- 2) Debaters may use visual aids if they contribute to the presentation.
- 3) Time limits: (Maximums) Constructive speeches: 8 minutes; Rebuttals: 5 minutes; Cross Examination Periods: 3 minutes; Preparation Time: 5 minutes per team.

#### b. Lincoln-Douglas Debate:

- 1) The resolution is a proposition of value, not policy. Debaters are to develop argumentation on the resolution in its entirety, based on conflicting underlying principles and values to support their positions. To that end, they are not responsible for practical applications. No plan or counterplan shall be offered by either debater.
- 2) In making the decision, the judges should ask the following questions:
  - a) Which debater was more persuasive?
  - b) Did the debater support his or her position appropriately, using logical argumentation throughout and evidence when necessary?
  - c) Which debater communicated more effectively? Speed, word choice, and delivery all count.
- 3) Since this is a debate, clash is necessary. It may be direct clash or clash by opposing principles. Thus, the debate does not have to match point for point.
- 4) Good judges make decisions only on what was debated by the contestants. If the judges consider an argument to be flawed, but the opponent does not refute it, the original argument must stand. If, however, there is a clash, then the judges decide which argument is more persuasive.
- 5) Judges may not discuss the progress of the debate either with each other or with the debaters.
- 6) The judges should distance themselves from the content of the debate. Personal values of the judges should not influence the decision.
- 7) Any rulings concerning this event are to be made by the Tab Room personnel.

c. Public Forum Debate

1) Public Forum Debate is a team event that advocates or rejects a position posed by the resolution. Each team shall be comprised of two debaters, each representing the same member school. The focus of the debate is a clash of ideas in a persuasive manner that can be understood by a "lay" judge. Good debaters should display logic and analysis. They should use evidence when needed. They should win their case and refute that of their opponents. They should communicate effectively, using the fundamentals of good speaking. There are no burdens on either side.

2) Order and time limits of the debate:

- a. First Pro Constructive: 4 minutes
- b. First Con Constructive: 4 minutes
- c. Crossfire: 3 minutes (Note: the Con asks the first question; thereafter, either debater can ask questions).
- d. Second Pro: 4 minutes
- e. Second Con: 4 minutes
- f. Crossfire: 3 minutes (Note: the Pro asks the first question; thereafter, either debater can ask questions).
- g. First Pro Summary: 2 minutes
- h. First Con Summary: 2 minutes
- i. Grand Crossfire: 3 minutes (Note: one member of the Pro team asks the first question; thereafter, any debater may ask questions).
- j. Second Pro Final Focus: 2 minutes
- k. Second Con Final Focus: 2 minutes
- l. Prep Time: 2 minutes/team

3) In making the decision, the judges should ask the following questions:

- a. Which team is more persuasive?
- b. Did the debaters back up their assertions with logical thinking and evidence when needed?
- c. Were the debaters fair in their interpretation of the resolution and one another's statements?
- d. Were the arguments intelligent? Did the debaters try to use many weak arguments instead of a few solid ones?
- e. Did the debaters speak in such a way that their ideas were understandable?
- f. Were the debaters courteous and professional?

4) Judges may not discuss the debate either with each other or with the debaters.

5) The judges should distance themselves from the content of the debate. Personal values should not influence the decision.

6) Any rulings concerning this event are to be made by the Tab Room personnel.

4. Debate Procedures

- a. All will debate in 5 qualifying rounds, at least 2 rounds on each side of the proposition
- b. Rounds I and II: random pairing along geographical grounds.  
Round III: direct power pairing, "high-high," based on Rounds I and II.  
Round IV : high-low power within bracket based on W/L and ballots from Rounds I, II and III. Side constraints.  
Round V: high-low power within bracket based on W/L and ballots from Rounds I, II, III and IV. Flip for sides.  
NOTE: in Rounds I-V, debaters from the same Diocesan League cannot meet, nor can any debater or team meet the same debater or team a second time.  
Round VI (Run-off round): when necessary in Lincoln-Douglas Debate or Public Forum Debate, all debaters or teams with four preliminary wins who would not make the cutoff for Round VII (Double octo-final) will be seeded against the appropriate number of the lowest seeded teams within the top 32 for purposes of filling the bracket for Round VII as follows: seed 33 debates 32, 34 debates 31, 35 debates 30, and so on, for all debaters or teams with four wins seeded below 32. The winners of Round VI adopt the better seed of the pair in the bracket for Round VII. All unpaired seeds within the top 32 receive a bye to Round VII.  
Round VII (Double octo-final): pairing will be made in bracket with the top team meeting the bottom team. The bracket is not to be broken from this point onward. It will serve as the basis for pairings for Rounds VIII through XI, the octo-, quarter-, semi-final, and final rounds. Thus, debaters and teams from the same Diocesan League or school may meet, and debaters and teams which have met previously may also meet.
- c. The Tab Chair, in consultation with Grand Tournament Director, may elect to pair Round III or Round IV without inclusion of the

previous round if tournament situations prevent full power pairing within a reasonable time frame.

- d. The power of each debater or team for purposes of pairing the non-random preliminary rounds of the Tournament shall be based on the following criteria in order: record and ballots. To determine the Double Octo-final bracket, ties in total record and ballots shall be broken on adjusted points, total points, and then on ranks (where applicable).
- e. All rounds of debate shall be judged by at least 3 qualified judges, except for the semi-final and final rounds which will have 5 judges. No judges who have been out of high school less than 18 months will be allowed to judge elimination rounds.
- f. The NCFL President will appoint a six to eight person LD and PF Debate Topic Wording Committee not later than January 30 each year. Members of the committee should be members of the NCFL Executive Council, the NCFL Executive Committee, active NCFL Member LD or PF Debate Coaches, or experts as determined by the NCFL President. The Chair of the Committee will be the NCFL First Vice President. The First Vice President will solicit suggestions for topics and/or topic areas from the general membership of the NCFL for the NCFL L-D and/or PF Debate Topic. The Executive Council will choose four topic areas each for L-D and PF Debate at the Winter Meeting and submit these to the Topic Wording Committee not later than January 30 each year. The Wording Committee will prepare between four and six topics each for L-D and PF Debate based on the given topic areas. At least three of the topic areas each for L-D and PF Debate should be reflected in the prepared topics.

The Committee will submit their recommended L-D Debate Topics not later than March 7, and their recommended PF Debate Topics not later than March 28, to the Grand Tournament Director. Not later than March 14, the Grand Tournament Director will provide a ballot listing the recommended L-D Debate topics prepared by the Wording Committee to the Diocesan Directors. Diocesan Directors will return their vote, each voting not more than once, for the L-D Debate topics not later than March 28. Each voter will rank the topics First through Last. When voting closes, the ranks will be totaled and the topic receiving the lowest total among all the ballots cast, will be the topic for the NCFL Grand National L-D Debate Tournament. In case of a tie, the topic receiving the highest number of first place votes would be chosen. The Tournament Director will publish the topic not later than March 31.

Not later than April 4, the Tournament Director will provide a ballot listing the recommended PF Debate topics prepared by the Wording Committee to the Diocesan Directors. Diocesan Directors will return their vote, each voting not more than once, for the PF Debate Topics not later than April 11. Each voter will rank the topics First through Last. When voting closes, the ranks will be totaled and the topic receiving the lowest total among all the ballots cast, will be the topic for the NCFL Grand National PF Debate Tournament. In case of a tie, the topic receiving the highest number of first place votes would be chosen. The Tournament Director will publish the topic not later than April 15.

Without authorization from the President, First Vice President, or Tournament Director, the members of the Executive Council and Wording Committee may not release, publish, or discuss the list of Topic Areas or any of the proposed, rejected, or working versions of resolutions to persons not on the Executive Council or current year's Wording Committee until the ballots for topic voting are released. If a member of these groups does release this information then their school may not enter that year's NCFL LD or PF Debate National Tournaments, and the person who released the information may not serve on the Wording Committee again.

The other three to advance from each Semi-Final Chamber will be voted on by the Chamber, selecting from the other competitors not already selected for Finals by ranks, by preferential balloting. Voting will be as defined in the NCFL Student Congress Manual.
- c. The 8 students from each Semi-Final chamber will compete in a Grand Final Session of 24 students. There will be four scorers and a parliamentarian for the Grand Final Session. Selection and voting to determine the National Champion will be as defined in the NCFL Student Congress Manual.
