

PvnetGuest Wi-Fi Instructions

1. Connect to PvnetGuest wireless network.
2. Using any internet browser, navigate to www.pvphs.com or www.pvpusd.net.
 - a. You will then be redirected to the registration portal.
3. Select the Guest Registration (bottom link).
4. Fill out the form and then submit. Any item marked with an asterisk (*) is required.
5. **WARNING:** On the next page, the Username and Password fields will be filled automatically. Do not change any information. Click/Tap Request Guest Access.
6. The next screen will have a blue loading bar. Allow it to load completely and then close the browser completely.
7. You should now be able to access the internet.
 - a. If it does not work, try each of the following steps: deleting temporary internet files, clearing browser cache, and restarting the device.

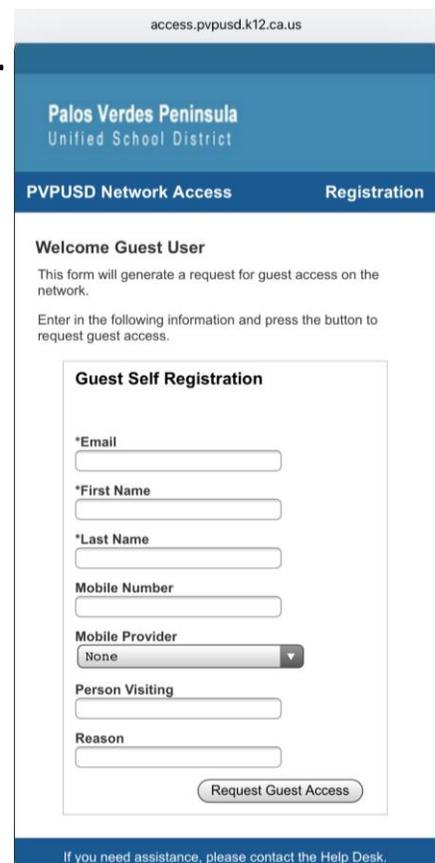

Notes: PvnetGuest does not work well with VPNs. At some point during the process, it may ask you to either agree or disagree to the Acceptable Use Policy. To gain access, you must agree.

Step 2a

The screenshot shows a mobile browser interface for the registration portal. The address bar displays 'access.pvpusd.k12.ca.us'. The page header includes the Palos Verdes Peninsula Unified School District logo and navigation tabs for 'PVPUSD Network Access' and 'Registration'. The main content area is titled 'Welcome' and contains a 'Guest Registration' link at the bottom, which is highlighted by a black arrow labeled 'Step 3'.

Step 4

The screenshot shows the 'Guest Self Registration' form. The header includes the school district name and navigation tabs. The form is titled 'Welcome Guest User' and contains a 'Request Guest Access' button. The form fields include: *Email, *First Name, *Last Name, Mobile Number, Mobile Provider (a dropdown menu with 'None' selected), Person Visiting, and Reason. A 'Request Guest Access' button is located at the bottom of the form.

Step 3
